

StudentHire

Privacy Policy

Effective Date: May 31, 2026 · Dept. of CS & IT, University of Layyah

1. Introduction

Welcome to StudentHire. We are committed to protecting your personal privacy and ensuring a secure environment for all users — both student job seekers and employers. This Privacy Policy has been prepared as part of an academic semester project under the Department of Computer Science & Information Technology, University of Layyah.

2. Information We Collect

- **Personal account data** — Full name, email address, password, phone number, and academic department provided during registration.
- **Profile & resume data** — Academic qualifications, technical skills, and professional experience uploaded by students.
- **Job posting data** — Business descriptions, job details, salary offers, and requirements provided by employers.

3. How We Use Your Information

- **User authentication** — To verify user identities and secure accounts via Firebase Authentication.
- **Data synchronization** — To store, update, and sync real-time application data using Firebase Realtime Database.
- **Recruitment facilitation** — To enable direct professional connections between student job seekers and employers.

4. Data Storage & Security

Your data is stored securely through Firebase Cloud Services. We implement standard encryption and access-control protocols to prevent unauthorized access, alteration, loss, or disclosure of your personal information.

✓ We strictly do NOT sell, rent, trade, or share user data with any third-party advertising agencies. All data remains confidential for academic and application purposes only.

5. App Permissions Required

Internet Access

`android.permission.INTERNET`

Connects to Firebase backend for authentication and real-time data syncing.

Network State

`android.permission.ACCESS_NETWORK_STATE`

Verifies active internet connectivity before performing database transactions.

Storage Access

`android.permission.READ/WRITE_EXTERNAL_STORAGE`

Allows users to upload profile pictures or resume documents from device storage.

6. Contact Information
